Fairlie

Golden Tamaiti, is a 2010 born clydie cross brought from the Ruatoria Horse sales.

Fantastic nature, one of the easiest horses to have round, in the yard, round kids, shoe, worm, even when he is tied up in the yard with mares. My main hunter who can whip out the front, but can convert to the field and be anywhere. Hunted round the N.I in 2022 and he was an absolute gentleman. Trucked and paddocked with two other geldings and a mare. Has received placings in saddle hunter, round the ring, show hunter and working hunter. Used as a stock horse at home. Ridden bare back. Absolutely loves swimming. Great walker, was awesome to trek.

Please Note:

- All of these horses have been herd run on the hill most of their life. While they have had the very basic handling they will require more education.
- All the horses were wormed with panacur and the farrier on the 5th January.

OUTSIDE ENTRY #2

ECHO 15hh 7 yr old Gisborne Bred Mare.

Echo is my mainstay mustering and trekking horse and has also done some barrel racing. Echo is very forward moving and safe on the hill. Echo is good to float, shoe and has good ground manners. She is only up for sale due to too many young horses coming on. I will be sad to see her go as I have done many enjoyable miles on this gutsy little mare.

Lot #19

OUTSIDE ENTRY #2

Tui 15.1hh Tui 9 year old Station Bred Mare.

Tui has been our main stay pack horse for the last 3 years and has done a number of 7 - 10 day treks with us, she has been ridden on a number of these treks.

She has not been brought back into work this season however this will take very little to achieve.

Tui is a very sensitive mare but once she gains your trust she is a real sweetie.

She has an old scar on her rear off side leg which she had prior to her coming to us, this has never caused any issues.

Tui would also make a lovely brood mare. Only selling as too many young ones coming through and not enough time for her.
