## YEARLING BULL SALE

### FOREWORD

Welcome to our 2024 Annual Yearling Bull Sale. This year's line-up of bulls are very well grown yearlings with low birth weight, positive calving ease with a steep growth curve and carcass attributes for finishing prime at 16 months of age or taking them to a higher carcass weight.

Once again we've included 12 Yearling Jersey bulls in the lineup. We know there's another option for heifer mating, so to simplify farmers shopping we've added some cracking fellas to the team

To finish off the sale we've put up a great line up off yearling heifers, we don't normally sell yearling heifers but due a distorted calving last year, we cant keep them all !

Our Polled Hereford and Angus Yearling Bulls have been bred for the Dairy Beef and Beef Heifer Markets. We believe all Kane Farms sired progeny must add value at each stage from mating to finishing. Therefore, we have built our program around these fundamental ideas.

---

### MATING

**Fertility** Bulls must be fertile – all bulls are semen checked by Vet South. A dairy cow must get in calf as quickly as possible after calving.

**Docility:** all bulls quiet and should not pose a health and safety issue.

### CALVING

**Birth weight and Calving ease:** Birth weight is very important. The calf must be small enough for the cow to calve unassisted plus not affect the cow's seasons production and following season production.

**Gestation length:** The cows must calve on time

## CALF REARER (BIRTH WEIGHT TO 100KG)

**Birth Weight:** the calf must be small enough to be born unassisted but large enough to grow to 100 kg quickly, for reduced calf rearing costs and increased margin.

## WEANED CALF TO 300KG OR HIGHER YEARLING ANIMAL

**Growth:** to grow steadily from December to spring; once grass grows well, growth rates increase dramatically.

## FINISHER (300KG YEARLING TO 500KG OR HIGHER FINISHED ANIMAL)

**Bigger Growth + Larger Eye Muscle Area = Larger Carcass Weight at a younger age**

The bigger carcass weight means your cattle will finish earlier. This equates greater Meat per Hectare or Dollars per Hectare and ultimately greater efficiency.

Please don't hesitate to call any of us if you would like more information.

Thanks,

**The Kane Family**

## HEIFER MATING OPTIONS:

To be marked with the heifer mating symbol, we have carefully selected bulls which we believe would be very safe for heifer mating. They can be used over well grown yearling heifers. The criteria we use to assign this symbol is as follows:

- Actual low birthweight and born unassisted
- Parents had an actual low birth weight and born unassisted
- Well laid in shoulders
- Low birth weight and high calving ease of EBVs (Estimated Breeding Values)

We feel that head and shoulder shape play as much importance as their birth weight and calving ease EBV's figures. We have noticed this from many years mating our stud heifer and our dairy heifer following AB.

There are many other bulls suitable for heifers throughout the catalogue but will require a greater level of management.

# Our Story

Since 1929 Kane family has been farming beside the Pomahaka river for five generations now. Over the years Kane Farms has grown to be a very diverse farming operation, consisting of a dairy, sheep, dairy beef finishing and stud beef unit. We farm 1000 hectares of flat to rolling farmland.

In 1964 Murray Kane brought 20 registered cows, this was the beginning of breeding stud cattle. In 1996 Kane Farms incorporated registered Angus into their stud beef enterprise. We now have a combined total of 140 breeding Herefords and Angus cows where we focus on breeding a type of cattle with high calving ease, low birth weight with good growth and carcass suitable for Dairy Beef or Beef heifer market. Kane Farms ensure they meet their bull buyer's needs by sourcing the best genetics from around the globe and here in New Zealand.

As most family farms, we have gone through some changes in recent years as Robert and Mary-Anne are starting to step back and Luke and Nicole and Peter and Alice are taking the reins. One such change is the sale of our commercial sheep flock which has allowed us to focus our time and resources on cattle part of the business and while simplifying our operation

## **PGG Wrightson Conditions for bull auctions conducted live at a saleyard/farm**

All intending purchasers must register at the PGG Wrightson Ltd Livestock (PGW) sales office prior to the sale.

The New Zealand Stock & Station Agent's Association Conditions of Sale apply. These terms can be inspected at the registration desk and on the wall in the auction room.

PGW's Monthly Account Terms of Trade also apply to the extent deemed relevant by PGW. The current versions of PGW's Monthly Account Terms of Trade are also available online at: [www.pggwrightson.co.nz\Our-Company\Terms-and-Conditions](http://www.pggwrightson.co.nz\Our-Company\Terms-and-Conditions) or in hardcopy on request.

On behalf of the vendor, PGW will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies and recognised independent livestock agents with a PGW Monthly Account who have introduced buyers to PGW before the sale and/or accompanied buyers to the sale.

**NOTE:** All bulls that fail independent semen testing performed by Vet South, will be removed from the sale. Semen testing letter will be available on request on sale day.

A surcharge of \$70 plus GST for Hereford females and \$109 plus GST for Hereford Bulls will be added to the purchase price of animals that require stud transfer. This is to cover NZ Herefords Association compulsory charges.

### **Free Grazing until 1st November 2024.**

Grazing after 1st November is by negotiation.

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal’s genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

**A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND HEREFORD SIRE**

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

- 1. Identify the **New Zealand Hereford selection index** of most relevance to you.
- 2. **Rank animals** using the chosen selection index.
- 3. Consider the individual EBVs of importance.
- 4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at [www.herefords.co.nz](http://www.herefords.co.nz) or [www.pivotdesign.co.nz/catalogues](http://www.pivotdesign.co.nz/catalogues).

**NEW ZEALAND HEREFORD BREEDPLAN**

New Zealand Herefords publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Hereford Prime
200 Day Growth	Days to Calving	Eye Muscle Area	Maternal Value	Beef Heifer
400 Day Growth	Gestation Length	Rib Fat		Dairy Beef
600 Day Growth	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

Details about the Hereford Selection indexes can be found at: <https://breedplan.une.edu.au/media/f1bh1b4n/using-new-zealand-hereford-selection-indexes.pdf>

More information, including EBV descriptions and how to use them, can be found in the Using & Understanding BREEDPLAN EBVs booklet.

<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

# Angus NZ EBVs Explained

TransTasman Angus Cattle Evaluation (TACE) EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. TACE information should always be used in conjunction with other selection criteria, including visual assessment.

## A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT ANGUS NEW ZEALAND SIRE

A TACE Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Consider the individual EBVs of importance.
2. Consider other traits of importance (e.g. visual assessment).
3. Identify the **Angus New Zealand selection** index of most relevance to you.
4. **Rank animals** using the chosen selection index.

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online here [www.angusnz.com](http://www.angusnz.com).

## TRANSTASMAN ANGUS CATTLE EVALUATION

The Angus New Zealand Association publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection Indexes
Birth Weight	Scrotal Size	Carcase Weight	Docity	Self Replacing
200 Day Growth	Days to Calving	Eye Muscle Area		AngusPure
400 Day Weight	Gestation Length	Rib Fat		Heifer Dairy Terminal
600 Day Weight	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

Details about the Angus Selection indexes can be found at:  
<https://breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf>

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding TACE EBVs** booklet. Scan the QR code for more details

# Our focus is agribusiness

**Proud supporter of the New Zealand  
beef industry**

We're an agribusiness bank. Our local experts live and work where you do. That's why we're proud to support the New Zealand beef industry.

**Rabobank. One focus.**

**Call us on 0800 722 622 or visit  
[www.rabobank.co.nz](http://www.rabobank.co.nz)**

**Rabobank**

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering – please call 0800 TO BIDR (0800 86 2437), or email [enquiries@bidr.co.nz](mailto:enquiries@bidr.co.nz) for assistance at any point.

**Alternatively, contact your local bidr® representative:**

**Liam Beattie**
