Welcome

Welcome to our Annual Stern Yearling Sale

Firstly we would like to thank you for your continued support and endorsement of our breeding programme and for taking the time to view our 2024 Lineup.

We are particularly excited by what's on offer in 2024! This is our first true look at some new sires, alongside some tried and proven performers. Black Rock of Stern, who has sold sons to \$85,000, features heavily in this catalogue with 9 sons due to his industry-leading calving ease and moderate birth making them ideal for heifer mating. Alongside Black Rock, there are also new sires; our \$65,000 Woodbank 20021, Taimate Roy, Storth Oaks R37 and our 2020 keeper Stern Cruiser 372, retained for his maternal attributes and great shape. Sharp eyes will also pick an interesting Albert son who stormed the NZ stud scene this year.

All of these bulls have been selected with easy heifer calving in mind. These are some of the top calving ease sires from a bull calf drop of 305. Along with calving ease, these boys also offer great carcass merit and a good balance from birth to growth.

Once again, we have invested in the latest technology to DNA analyse these bulls through genomic testing. These bulls have all been carcass scanned to measure carcass merit. These enhanced EBVs will be available early October and will give you more confidence in the data in this catalogue!

These are well-grown yearlings that can provide cow mating options too.

Join us Wednesday 9 October for a beer and a catch up!

Rob, James, Fe and the Stern team.

Conditions of Sale

The New Zealand Stock & Station Agent's Association Conditions of Sale and, to the extent deemed relevant by PGG Wrightson Limited (PGW), PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW. These terms can be inspected at the registration desk and on the wall in the auction room. The current versions of PGW's Terms of Sale and Monthly Account

Terms of Trade are also available online at:

www.pggwrightson.co.nz/Our-Company/Terms-and-Conditions or in hardcopy on request.

PURCHASING REBATE COMMISSION

All intending purchasers must register at the sales office prior to the sale.

PGW will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies & recognised independent livestock agents with a PGW account who have introduced buyers to PGW before the sale and/or accompanied buyers to the sale.

TRANSFER MINIMUM PRICE AND SEMEN RIGHTS

A minimum Transfer price of \$15,000 shall apply to any bull purchased for Stud duties.

Stern retains all export semen rights, 50% of New Zealand semen rights with the right to use semen from all bulls offered except where otherwise advised. The cost of collecting semen for on farm use shall be to the vendors account.

FERTILITY

All bulls entered in this catalogue carry a fertility guarantee. Should any bull prove infertile, excluding as a result of injury, the purchaser shall notify the vendor within twelve months. A vet certificate shall be produced if required. The vendor will refund the purchase price by way of a credit against a replacement bull. Any dispute will be settled by the auctioneer.

GRAZING

The Vendor by arrangement will graze bulls purchased at the sale free of charge for a period of one month. Thereafter transport costs to the purchaser's property will be the responsibility of the purchaser.

BRUCELLOSIS AND T.B.

The Stern Herd is accredited Brucellosis and T.B. free. South Canterbury is a T.B. free area.

REFERENCE SIRE

Black Rock of Stern

BULL-PROOF

YOUR ASSETS AGAINST RURAL THEFT.

Theft and burglaries occur more often than you might think, and the number of theft claims is increasing.

Over the last five years we have paid \$48 million in theft claims – including \$620k in fuel claims alone, that's doubled since 2019 and equates to over 300,000 litres!*

We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at fmg.co.nz/rural-theft

We're here for the good of the country.

FMG
Advice & Insurance

What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser. For any bull purchased over \$50,000 talk to an FMG representative.

What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the "Extend your Premier Bull Insurance" option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don't have to pay today, FMG will invoice you for this additional cover.

What are the benefits?

✓ Infertility	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ Theft or death	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ Vet costs	We cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

INTRODUCING

YOU'LL NEVER LOOK AT YOUR HEIFERS THE SAME WAY AGAIN!

THE COST OF THE UNKNOWN

VS.

THE BENEFIT OF KNOWING

An innovative, multi-breed genomic test providing **predictions for commercial females**.

Predictions provide genetic insights **to help make better replacement selection and breeding decisions**.

FEATURES

BENEFITS

3 Economic Indexes	Ranks females from highest potential return to lowest using GEPD and economic assumptions specific to New Zealand cattle producers.
18 GEPDs	Informs indexes and enables specific selection, breeding and marketing decisions that can be tailored to your herd.
Percent Ranks	Benchmarks females against other commercial animals in the evaluation. Easily identify strengths and weakness of cow herd.
Parentage	Sire parentage contributes to the accuracy of GEPD, assess sire performance and prevent inbreeding.
Breed Composition	Indicates maternal heterosis to inform selection and breeding decisions.

NOTES

DIRECTIONS:

For GPS enter 963 Cleland Road

West traffic:

Turn left onto Cleland Road just East of Cave.

Travel to Pleasant Point, turn at Hotel corner to Totara Valley

North & South Traffic:

Climb over and into Totara Valley, 9km on Left.

Travel 12km to Blacksmiths Corner, take left onto Cleland Road, first drive on Right.

**ALL BULLS SELECTED FOR
LOW BIRTH WEIGHT AND
CALVING EASE.**
